Supplementary Material

Figure S1. (A) The standard curve of IgM. (B) The standard curve of IgG.
Figure S2. (A) The size distribution of DSPE-PEG lipoplexes in DMEM containing 10% FBS with the extension of time. (B) The size distribution of DSPE-PCB lipoplexes in DMEM containing 10% FBS with the extension of time. (C) The size distribution of DMEM containing 10% FBS. (D) The PDI values of the lipoplexes in the medium containing 10% FBS with the extension of time. (E) The size distribution of DSPE-PEG lipoplexes in DMEM with the extension of time. (F) The size distribution of DSPE-PCB lipoplexes in DMEM with the extension of time.
