

# Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

## Front Cover:

Vitamin D binding protein (VDBP) hijacks twist1 to inhibit vasculogenic mimicry in hepatocellular carcinoma

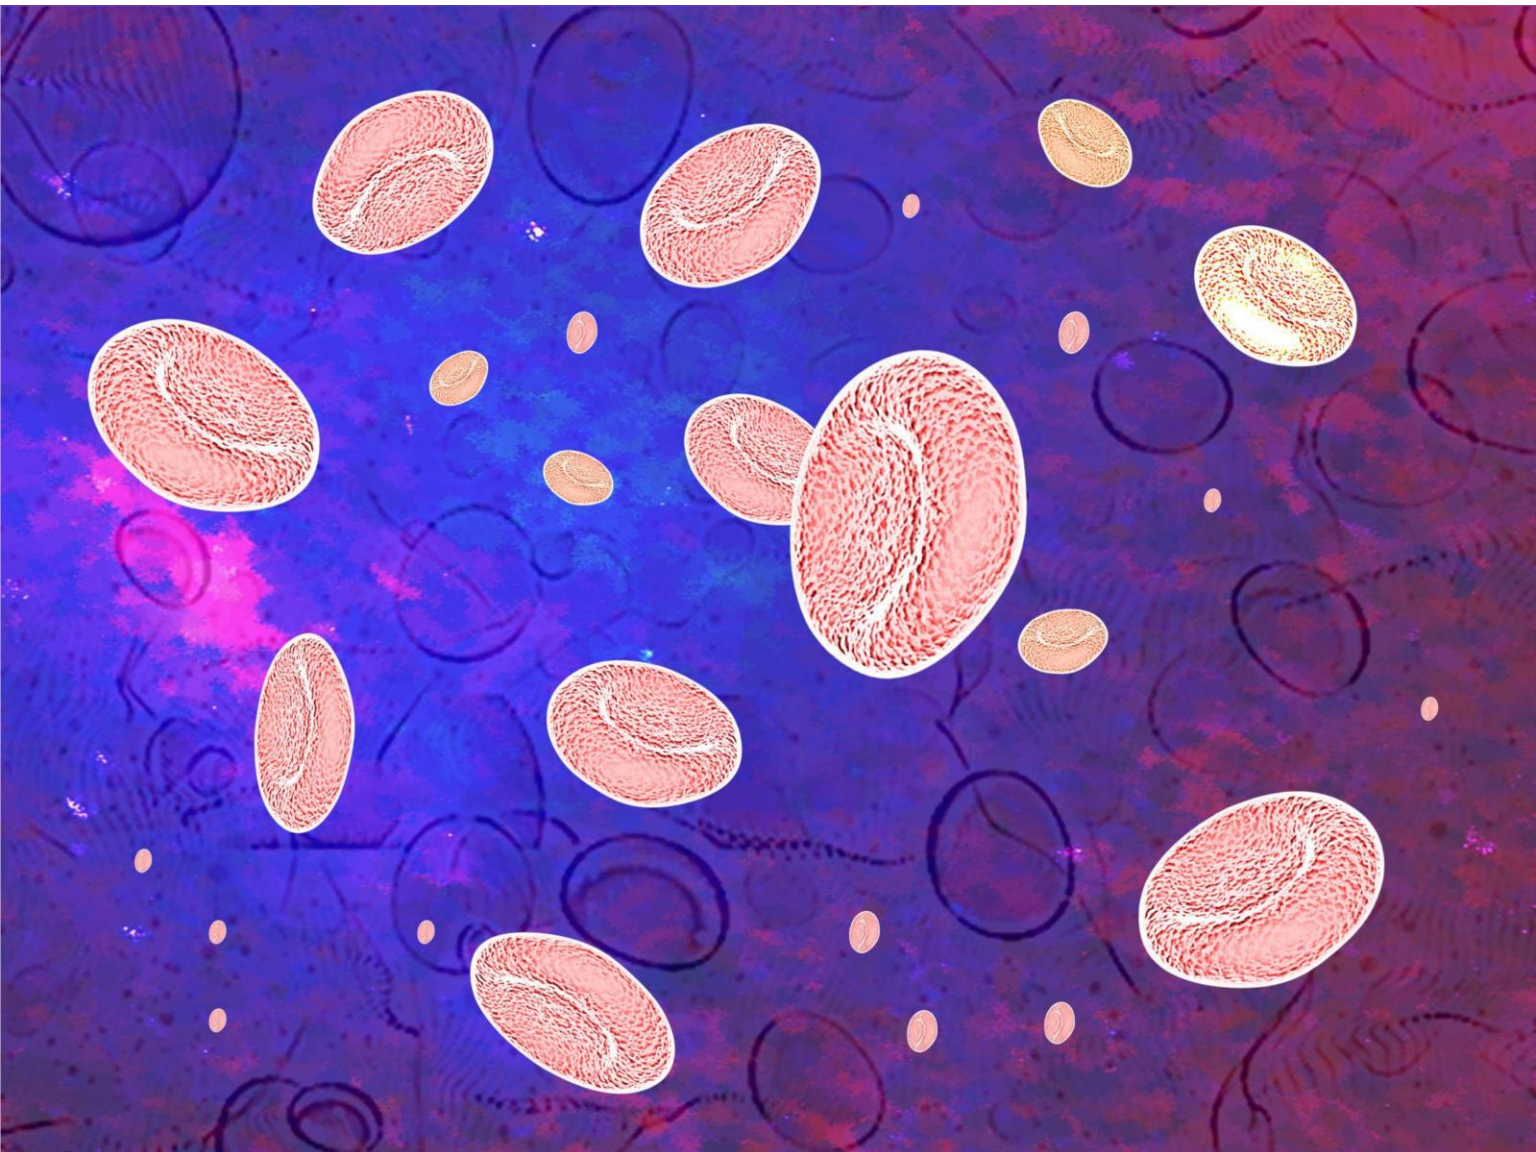

*Lu-Ning Qin et al. pp.436*

IVYSPRING  
INTERNATIONAL PUBLISHER

# Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

## Inside Front Cover:

**Red blood cells in biology and translational medicine: natural vehicle inspires new biomedical applications**

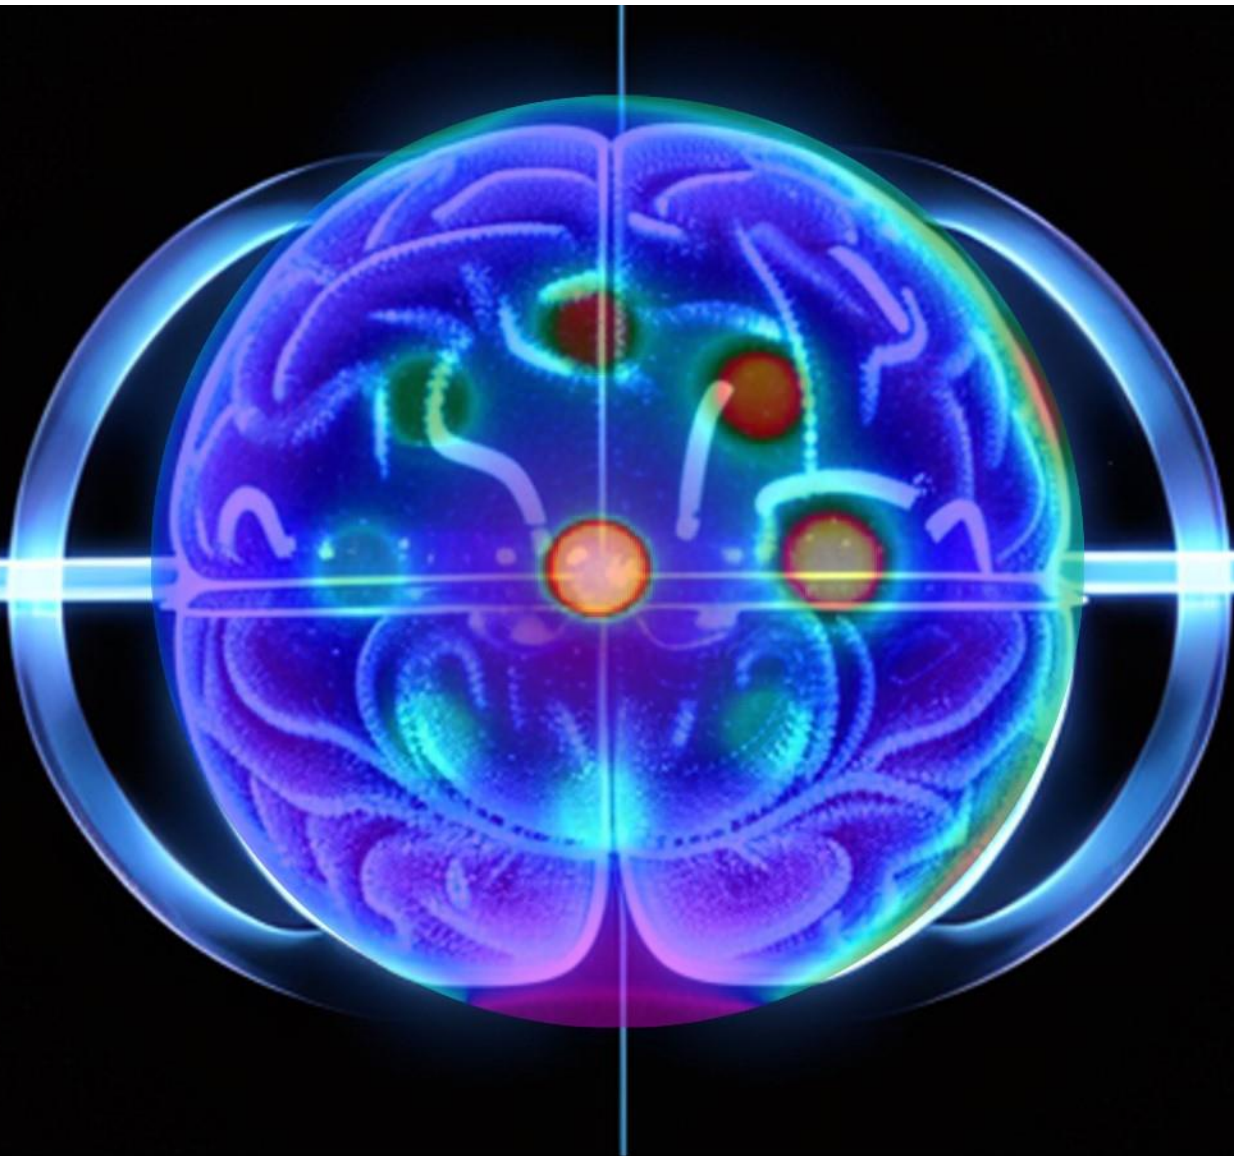

*Xueyun Zhang et al. pp.220*

**IVYSPRING**  
INTERNATIONAL PUBLISHER

# Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

## Inside Back Cover:

**In situ theranostic platform combining highly localized magnetic fluid hyperthermia, magnetic particle imaging, and thermometry in 3D**

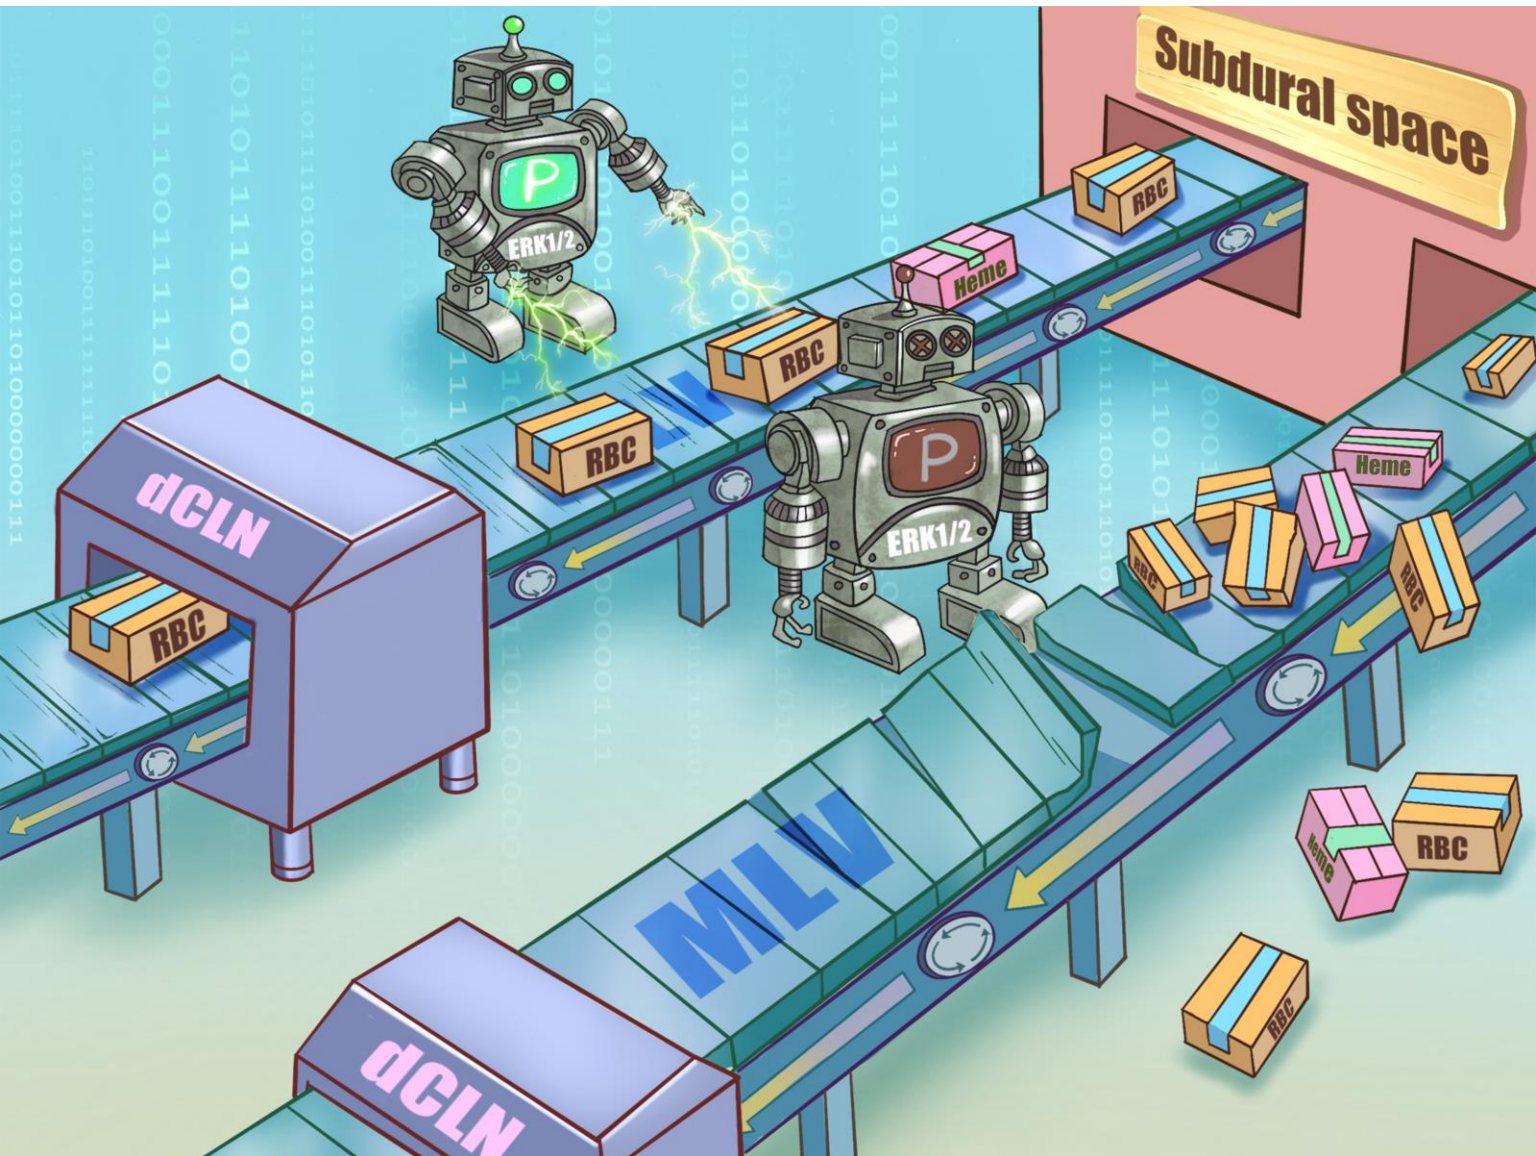

*Oliver Buchholz et al. pp.324*

IVYSPRING  
INTERNATIONAL PUBLISHER

# Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

## Back Cover:

**Inactivation of ERK1/2 signaling mediates dysfunction of basal meningeal lymphatic vessels in experimental subdural hematoma**

*Jiangyuan Yuan et al. pp.304*
