Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

Inside Front Cover:

Hepatic stellate cell-derived microfibrillar-associated protein 2 prevents liver fibrosis by regulating extracellular matrix and inflammation

Wen Zhang et al. pp. 4033

IVYSPRING
INTERNATIONAL PUBLISHER

Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

Inside Back Cover:

Free glutaraldehyde gelatin microsphere loaded mesenchymal stem cells alleviate osteoarthritis by promoting *Ext1* expression

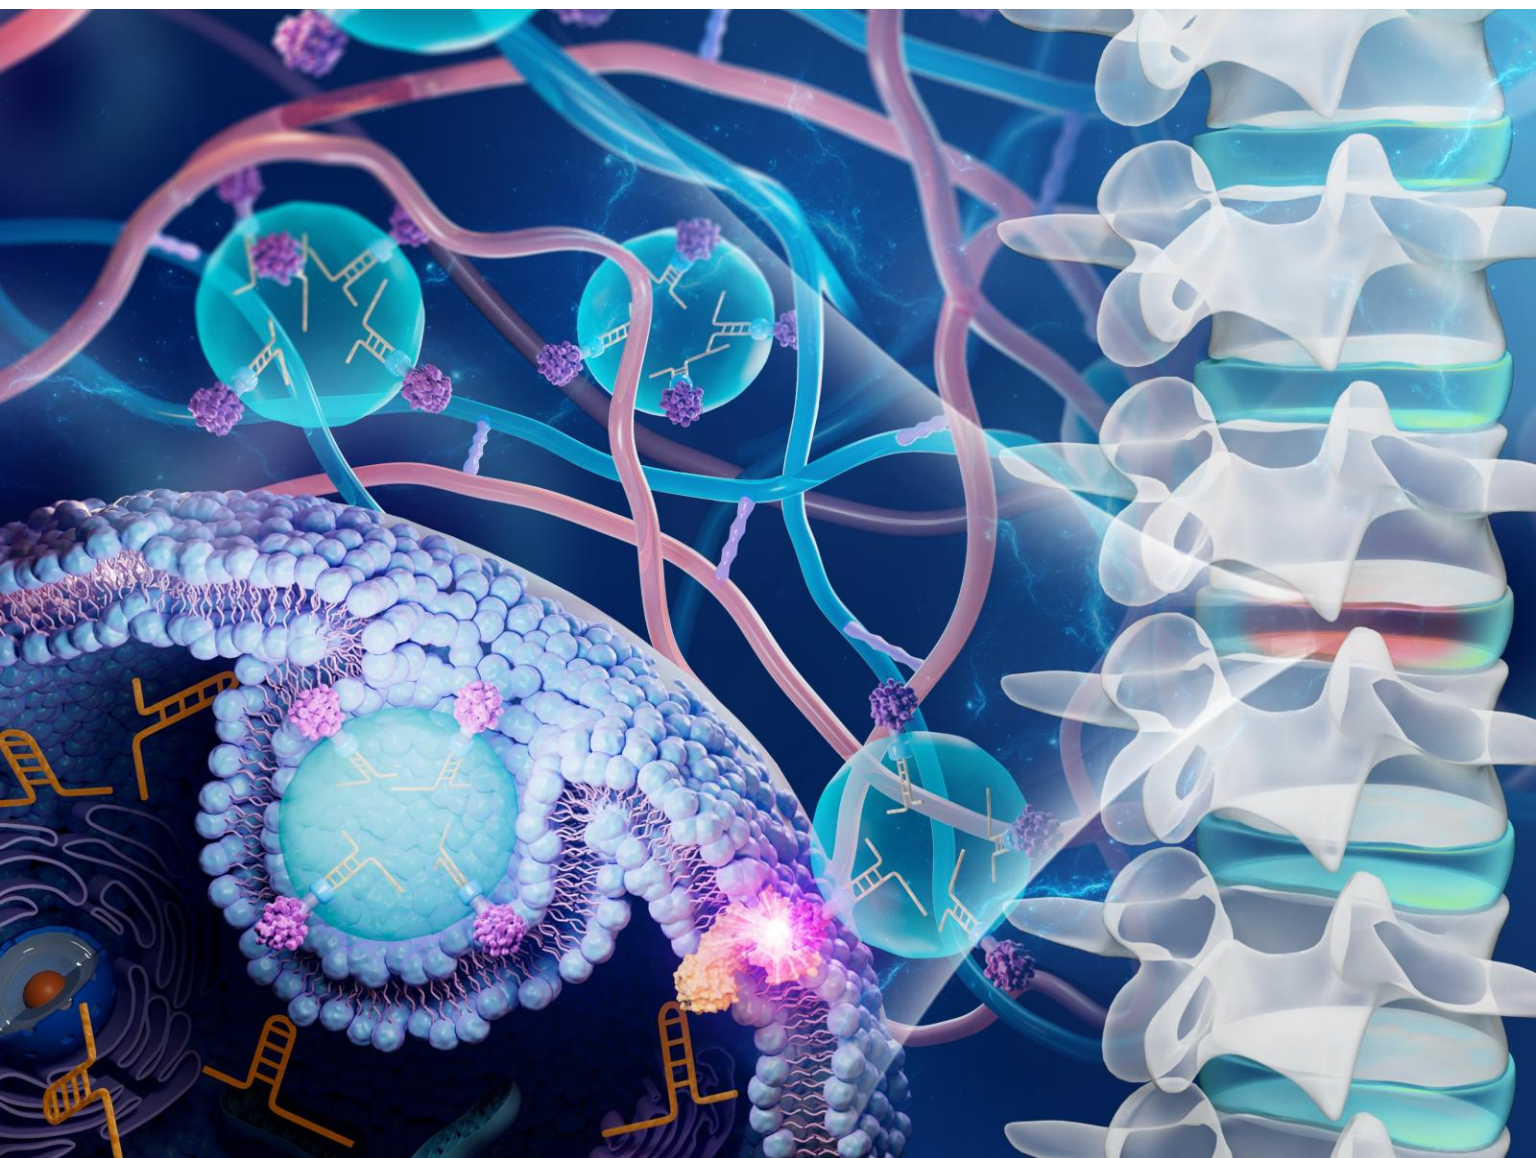

Ye Yuan et al. pp. 4135
