

# Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

## Front Cover:

**Transplantation of induced pluripotent stem cell-derived mesenchymal stem cells improved erectile dysfunction induced by cavernous nerve injury**

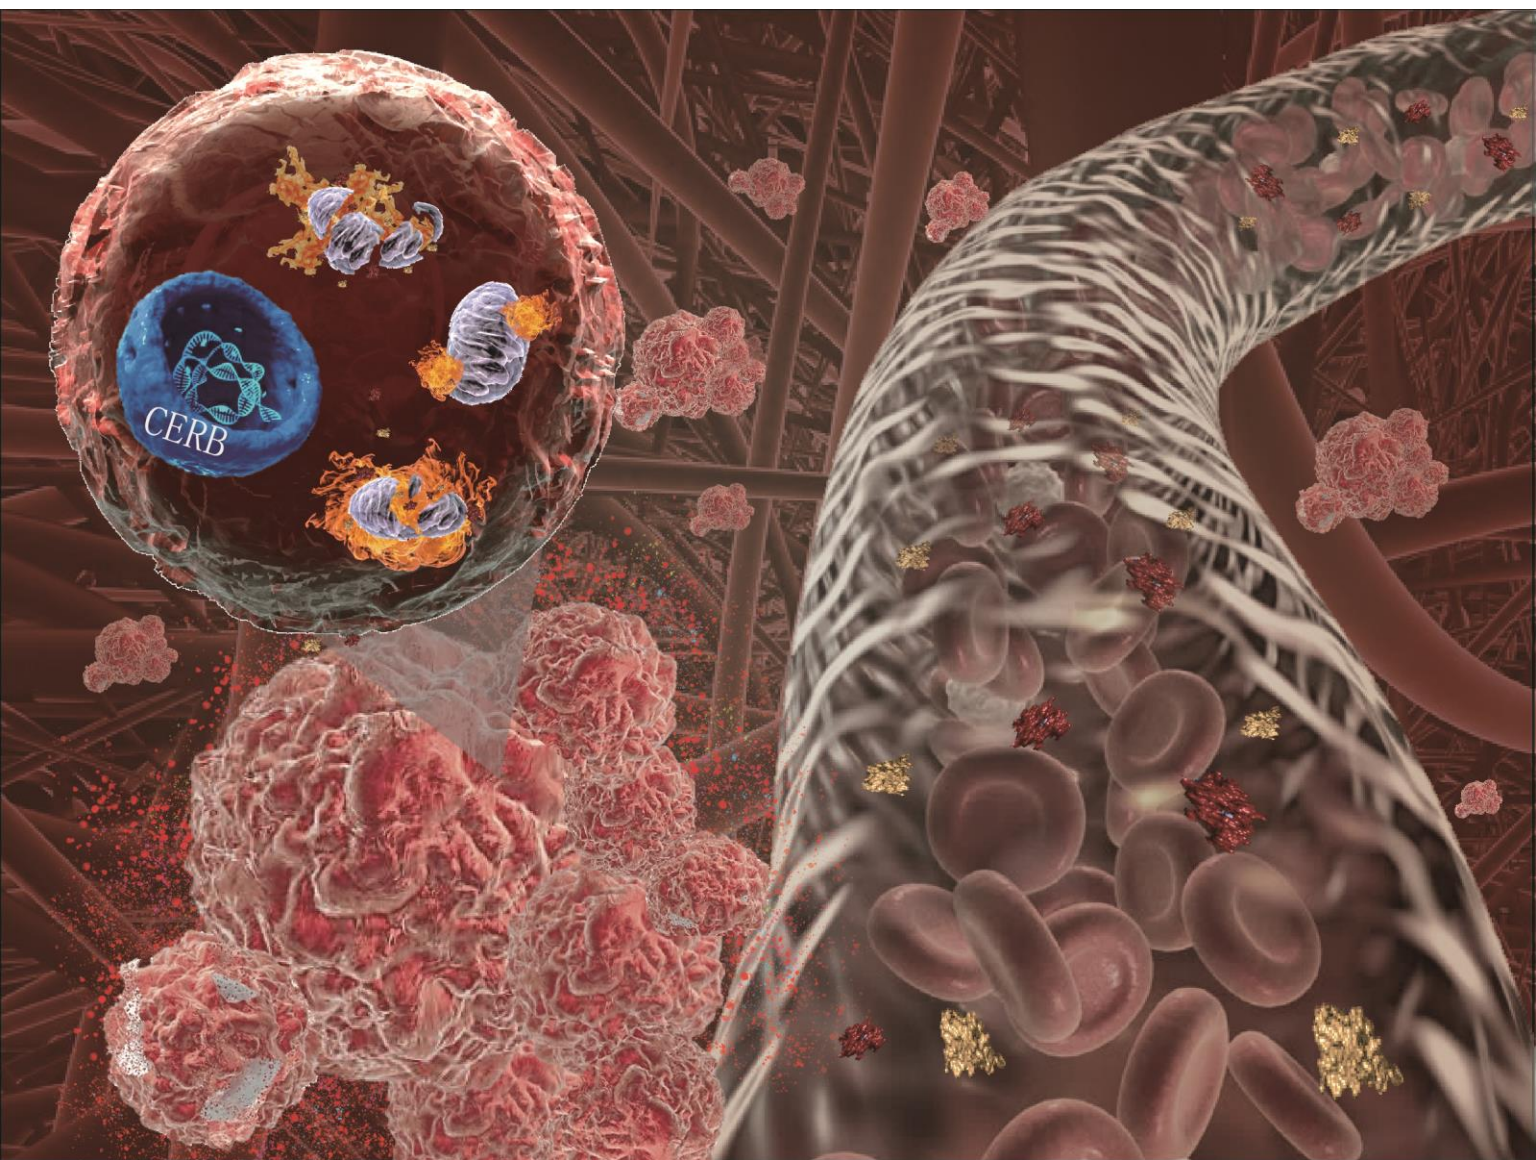

*Z. Chen et al. pp.6354*

IVYSPRING  
INTERNATIONAL PUBLISHER

# Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

## Inside Front Cover:

**Disruption of mitochondrial homeostasis with artemisinin unravels anti-angiogenesis effects via auto-paracrine mechanisms**

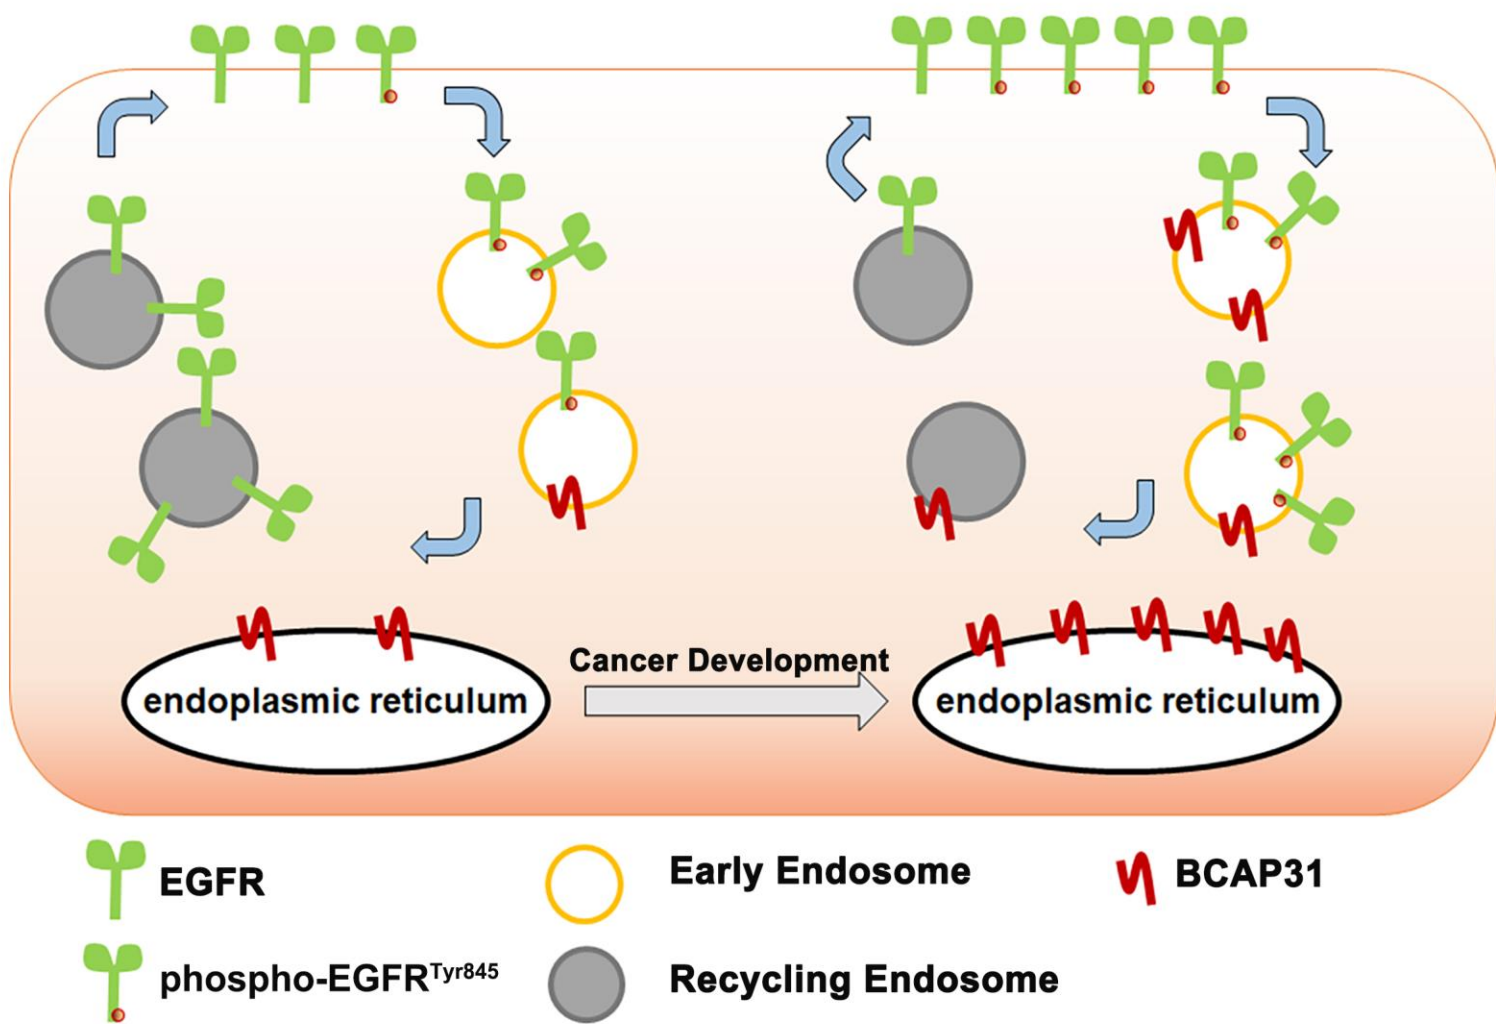

*K.-H. Tsui et al. pp.6631*

**IVYSPRING**  
INTERNATIONAL PUBLISHER

# Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

## Inside Back Cover:

**BCAP31 drives TNBC development by modulating ligand-independent EGFR trafficking and spontaneous EGFR phosphorylation**

*W. Fu et al. pp.6468*

**IVYSPRING**  
INTERNATIONAL PUBLISHER

# Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

## Back Cover:

**Transplantation of human ESC-derived mesenchymal stem cell spheroids ameliorates spontaneous osteoarthritis in rhesus macaques**

*B. Jiang et al. pp.6587*

**IVYSPRING**  
INTERNATIONAL PUBLISHER
