

Supplementary Material

Figure S1 Flowchart of patients enrolled in this study

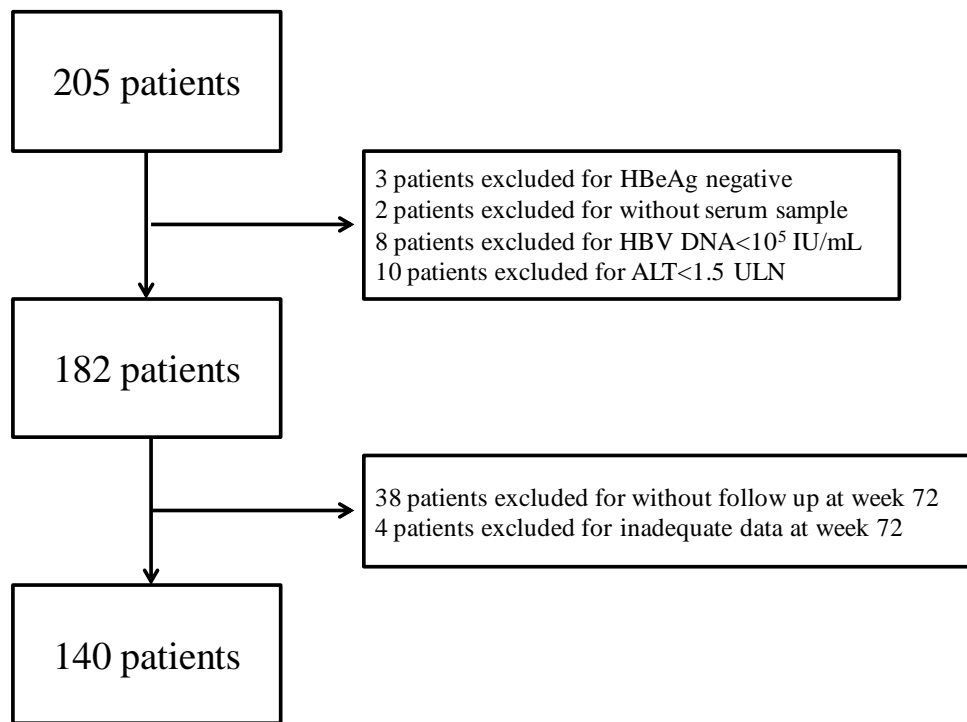

Figure S2 Correlation between qAnti-HBc level and ALT, AST, HBsAg and HBV DNA level at baseline

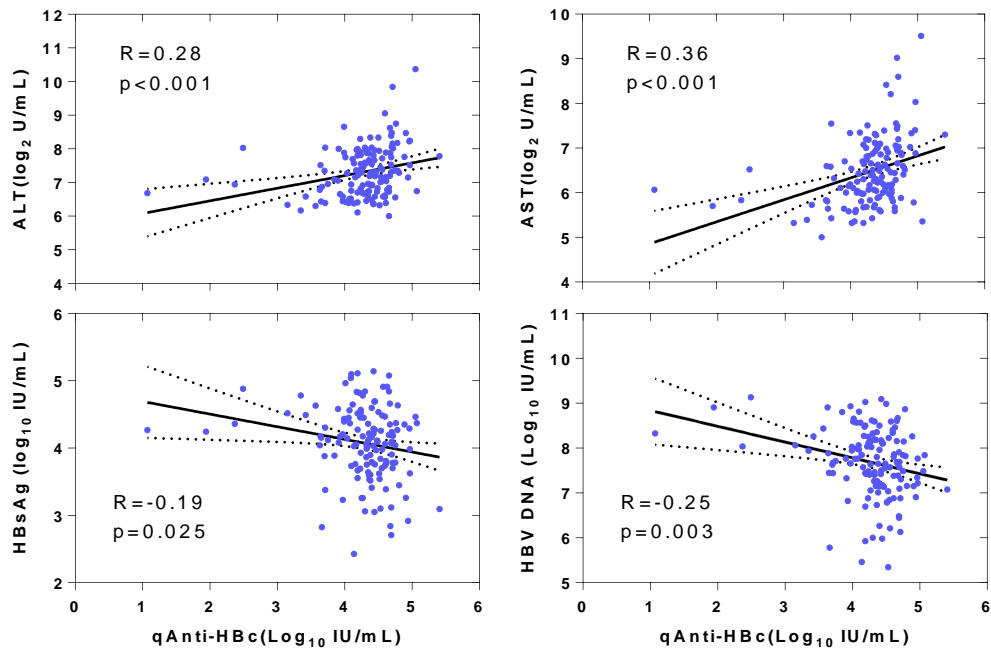

Figure S3 Kinetics of HBV DNA, HBsAg, HBeAg and Anti-HBc levels during therapy and follow-up in patients with and without SR stratified by HBV genotype

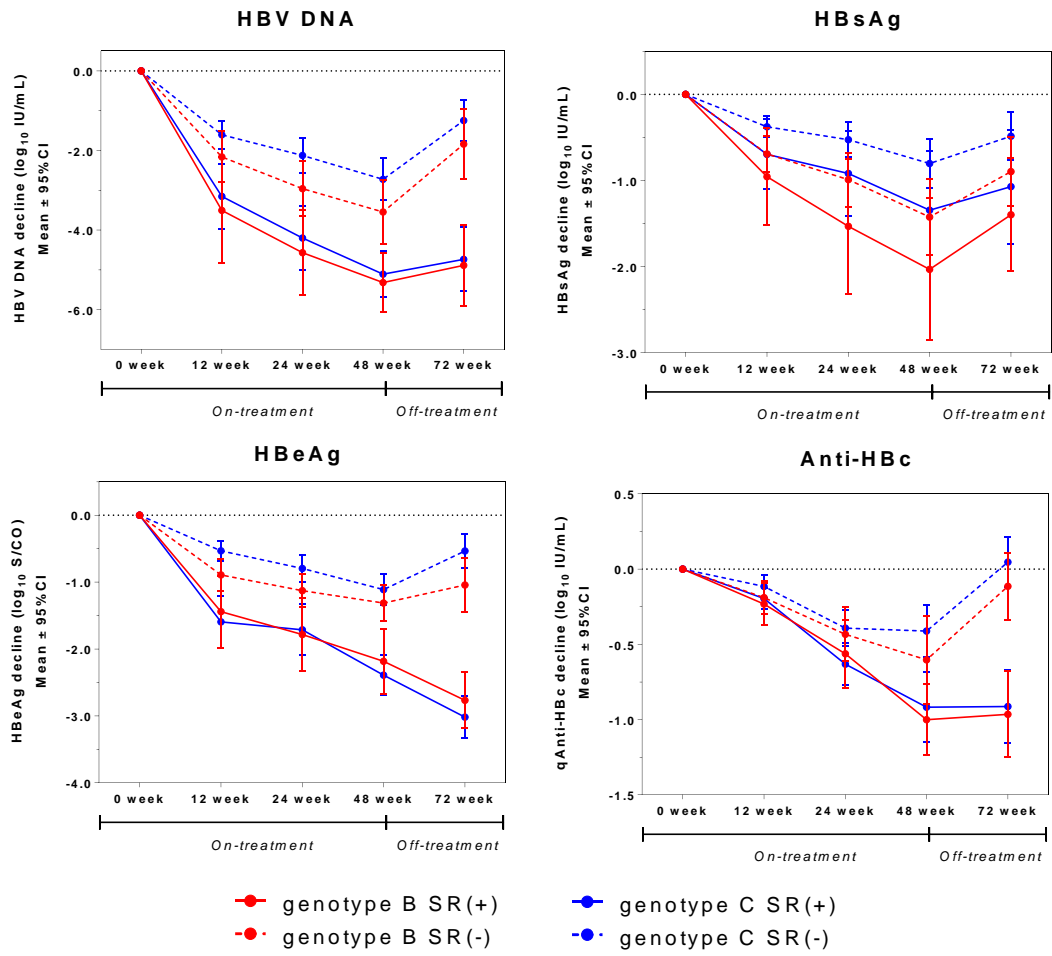

Figure S4 Kinetics of HBV DNA, HBsAg, HBeAg and Anti-HBc levels during therapy and follow-up in patients with and without VR stratified by HBV genotype
