Corrected article: *Theranostics* 2021; 11(7): 3244-3261. doi: 10.7150/thno.54217.

The authors regret that the originally published version of this article contained errors in Figure 3D and Figure 5G. First, an incorrect GAPDH blot was inadvertently used in Figure 3D. The correct version of Figure 3D is shown below. In addition, an incorrect image in Figure 5G was inadvertently included due to an oversight during the final figure assembly. The correct version of Figure 5G is also shown below. All authors concur with these corrections and confirm that they do not alter the scientific findings, interpretations, or the overall conclusions of the study.

The authors apologize for any inconvenience that these errors may have caused.

Figure A. Corrected figure for original figure 3D. The western blot technique measured the protein levels of PTPN13 and NOX4.

Figure B. Corrected Figure for original figure 5G. The expression of α -SMA in cells treated with siRNA-loaded micelles.
